Well let me tell you `bout Buddy Joe
When he came down from Mexico
With his pockets full of gold
With his pockets full of gold
Have you something to declare
Are you sure there`s nothing there
And if there is, don`t say
You`ve not been told. You`ve not been told

Oh Buddy Joe
What have they done with the gold

Oh Buddy Joe
What have they done with the gold
What have they done with the gold
Well I don`t really know

Well Buddy Joe searched all his life
Through Mexico all the riversides
Not for the money but for the gold
He needs to hold

But Buddy Joe as proud as he was
Couldn`t stand all that fuzz
When they got to all his gold
He was ready to go
He was ready to go
