

Cool As It Gets

Verse

E-riff

Black Silk stockings

E-riff

Ready for rockin'

E-riff B

That's all your mama needs

To get close to dying

Overboiled and frying

You're all she ever wanted to be

Gonna spread your wings

And do wicked little things

Almost ready to fly

Into the night

And take a careful bite

Of what is never forseen

Chorus

A G
Mother tries buying off the lord

A G
Beggin' for guidance and your soul

F B
But you got fire inside your brain

And that's as cool as it gets

E-riff 4x

Verse

Every time she hears a knock

It's more than enough

To feel paranoid again

Might be Frankie

Maybe bad Johnny

Filing nails ready to sin

Give a little give

Give a little take

Mamma's back on her knees

You're so excited
Illuminated and lightened
Up like a christmas tree

Chorus

 A G
Mother tries buying off the lord
 A G
Beggin' for guidance and your soul
 F B
But you got fire inside your brain

And that's as cool as it get

E-riff 2x

Chorus 2

G A B
Right from the slow you're ridin' in the fastest lane

Ain't no turning 'round to where you've always been
C D E
Take my advice that this whole life is nothin' but a lonely game
C D E
Just go ahead, go ahead tonight's your night baby!
